Adopt-A-Pet is a non-profit, volunteer-run, local animal organization with the primary goal of placing rescued pets in loving and responsible homes. Foster homes are used for the animals until they are adopted. The animals are kept under their care until a permanent home can be found, no matter how long it takes. They rely solely on donations, fundraising events and adoption fees to continue operations. These funds help cover the cost of food, medical supplies and veterinary expenses. They are 100% funded by your donations.
