- 1 set of girls singles
- 1 set of boys singles
- 1 set of boys doubles
- 1 set of girls doubles
- 1 set of mixed doubles

All sets are no ad, with a tiebreak at 5-5.

Coaching is allowed on any changeover by the designated coaches as long as it doesn't interfere with the pace of play, NO COACHING DURING TIEBREAKS.

Matches are to start immediately at 6pm and there should be no delay between sets as we only have 2 hours each week to get all our matches in. Keep warm-ups for each set to 5 minutes or less.

When putting out matches put both singles out at the same time, followed by both doubles then the mixed. All players are to stay and support their team the entire time. Extra courts during the mixed can be used for additional 'exhibition' matches.

Subbing is allowed. Only one player can be subbed per set and they subbed player can not go back in to the same set.

Players can double up in any match but they can only participate in a total of 2 sets.

If a team is short of players then they are permitted to have a girl play for a guy or vice versa.

At the end of 5 weeks teams rankings will be determined by total matches won.
